

## What are you doing online?

You've made the commitment. You use Microsoft Dynamics™ to run your business consistently and cost effectively, but are you leveraging that investment through customer centric online services?

With **ASAP.Net Commerce™** now you can!

Quickly and effectively bring your customers together with your business for improved profit, enhanced customer service and superior business relationships by leveraging the power of Microsoft Dynamics™ with **ASAP.Net Commerce™**.

- ✓ Provide secure online ordering from inventory, non-inventory items and kits from Microsoft Dynamics™
- ✓ Price per customer/per quantity. Use your settings in Microsoft Dynamics™ to securely publish customer specific pricing or quantity breaks in real-time to your website, secured by customer login and encryption
- ✓ Match your eCommerce site to the design elements of your website with flexible style sheets
- ✓ Leverage Microsoft Dynamics™ rules for online orders too. Choose to bring orders into Microsoft Dynamics™ in ways best matching your business needs

- ✓ Online order history, invoicing available for customers
- ✓ Generate invoices, following your standard processes for online orders also, delivered online or printed
- ✓ PO request routing. Allow customers to follow their own basic purchasing procedures
- ✓ Online bill Pay - with **ASAP.Net Commerce, Engage bundles ASAP.Net ePay™**, Allowing your business to accept online payments from credit cards, checks, procurement cards and more. Authorize and settle in real-time, bringing accurate payment details into Microsoft Dynamics™ without manual entry or double keying, automatically
- ✓ B2B/B2C - business to business or business to consumer options available
- ✓ Great for retail, wholesale, distribution, consumer packaged goods and more
- ✓ On-site appliance or hosted datacenter deployment, choose the deployment option that is best for you
